DETAILED ACTION

Response to Amendment

1. The amendment filed July 28, 2010 incorporating canceled claim 22 into independent claim 16 has been entered.

Claims 16-20, 24 and 25 are pending

Allowable Subject Matter

2. Claims 16-20, 24 and 25 are allowed.

3. The following is an examiner's statement of reasons for allowance: Ichihara et al. (US PG-Pub 2003/0152867), a closely related art, discloses a semiconductor memory device comprising a layer of chalcogenide material including a species that is capable of reducing the grain size of the chalcogenide material; and a species that is capable of increasing the crystallization speed of the chalcogenide material. However, amended independent claim 16 also requires a heater extending through an insulator to said chalcogenide material to heat said chalcogenide material. The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to yield the device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571)272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Davienne Monbleau can be reached on (571) 272-1945.
